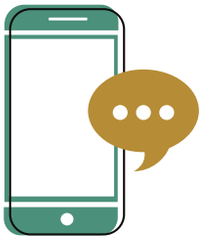
The Idyll Bound Process

1

Every project begins with a complimentary Discovery Call; you'll share your hopes & dreams for your space and we'll determine how we can help!



2

After completing a few prelim tasks (photos & measurements) you'll send them our way and we'll officially launch the project with a video call session and tour of the space.

3

Next, you'll receive digital mood boards for your space to ensure that the overall feel is on point! After we have your approval, the selections for your space will begin.

4

Within a few weeks your custom design is sent in the mail and includes floor plan drawings, concept boards, shopping lists, and material samples.

5

The moment you've been waiting--unboxing day! Take your time and enjoy reviewing your curated design. Afterwards, we'll have a follow up call but you can begin shopping as soon as you like!

Enjoy a complimentary 1 hour Follow Up Video Call just in case you have questions along the way!
