## WELCOME

Hi, I'm Renatta Davis, owner of Idyll Bound Interiors and lover of all things decor—decorating brings the biggest smile to my face and if I summed up my style in a few words they would have to be: patterns, prints, texture, color, & plants. Mixing and matching these elements in a space takes me to my happy place (just like Macarons and London Fogs, yummm)!

In my opinion, home should be a haven to decompress, relax, and enjoy; an oasis from the everyday stresses of life. I'm excited to get to know you and lead you on a creative journey to loving where you live.

Let's create something beautiful together!
